ABOUT US

Creation Multimedia is a Premium 3D Animation and Vfx Educational and Training Institute located in Kolhapur, Maharashtra, with an experience of 13 years in this field and its expertise in delivering job ready candidates to the Animation Production Industry. Creation Multimedia has become the leader in Kolhapur, Sangli, Ratnagiri, Sindhudurg and Belgaum.

Creation Multimedia has got Standard Infrastructure and Technology in place for providing updated Education to its students. Along with the Software(s) Education it develops the most essential things required for a student to grow as a professional, i.e. Discipline and Patience.

Presently, it is imparting Diploma in 3D Animation, with all the Stages of Animation Pipeline, which are 3D Modeling, Texturing, Rigging, Animation, Lighting and Rendering covered. Diploma in Vfx is the other popular Course that includes photoshop, corel draw, graphic designing, interior designing, vray lighting provided by the Institute. Soon to be launched Courses from this Academic Year would be Diploma in Personality Development, Digital Marketing, 2D Animation and Degree in B.Sc. Animation.

Creation Multimedia Animation and VFX Kolhapur provides Placement assistance to its students, based on their Creative and Technical Performance, discipline and behavior throughout the duration of the Course.

FROM DIRECTOR'S DESK

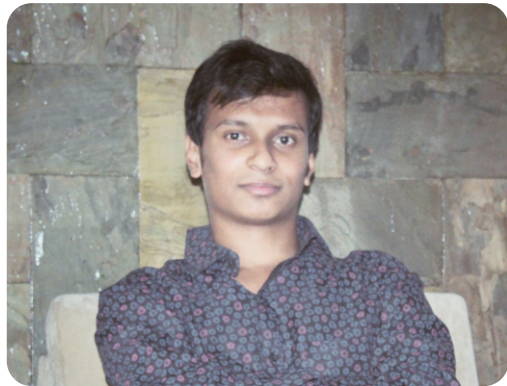

Mr. Vikrant Jadhav is the founder and MD of Creation Multimedia 3D Animation and VFX Institute of Training at Kolhapur. It is one of the best institute in animation in Western Maharashtra. He has helped hundreds of students from Belgaum, Raigarh, Ratnagiri, Karad, Sangali, Ichalkaranji and Kolhapur to build their careers in 3D Animation. In last 13 years Creation Multimedia has offered various professional courses and Diplomas to students who are creative and good at art and drawing. He has a deep desire to create awareness of animation and its scope in Hollywood, Tollywood, and Bollywood. The Entertainment Industry is crippled without the use of animation and special effects (VFX) through computer software. Graphic Designing is highly used in making logos and in the advertising world. 2D, 3D, classical and clay animation are used in game designing, cartoon movies, historical TV serials etc. Augmented reality (AR) and Virtual Reality (VR) are created with the combination of animation and real shooting. Editing and composing is the most important part of film making. To match the latest career opportunities, Creation Multimedia is very progressive and offers even a course like Architectural Visualisation and B.Sc. in Animation. Mr. Vikrant Jadhav has a passion for animation.

CENTER HEAD

Hemant Uzgare has recently joined Creation Multimedia Animation and VFX to enhance the quality and output of animation and Vfx.
